Site for New Guides' Camp

The fine wooded site for the new Girl Guide Summer Camp at Caddy Lake, in the Whiteshell Reserve area, is shown above. Mrs. G. W. Malaher, Guide commissioner for Winnipeg, is in foreground looking over the sheltered lagoon which the camp site faces. In the photo below, members of the Provincial executive and camp committee check plans for the new camp. Left to right are Miss Elizabeth Miller, Winnipeg area secretary; Mrs. J. N. Semmens, provincial commissioner; Mrs. J. H. McDonald, chairman of the camp committee; Mrs. D. L. McDougall, South Division commissioner; Mrs. Will Rook, West Division Commissioner; Mrs. Maitland Steinkopf, of the camp committee; Mrs. G. W. Malaher, commissioner for Greater Winnipeg.

Girl Guides Plan Deep Water Campsite

Winnipeg's Girl Guides will take to deep water next summer when the new camp at Caddy Lake, in the Whiteshell Forest Reserve will be completed.

In order that the camp may be ready for 1949 campers, administration, recreation, dining hall, hospital and staff buildings will be of prefabricated construction. Peeled log siding will be used to finish the buildings in log cabin effect, to harmonize with the surroundings. Tents, with wooden floors, will be ready for campers.

After having access to deep water at the Sea Cadet Camp Ruttan, near Kenora, last year, Guides and Guiders felt they must have a deep water campsite of their own. The larger site will also allow larger groups of Guides to use the summer camp.

The site at Caddy Lake, with its sheltered lagoon, both deep and shallow water, will give wider range for swimming, diving and water sports than was possible at the present camp. Overnight canoe trips will be possible at Caddy. One of the pleasant features will be the 100 mile bus ride, from Winnipeg right to the front door of the camp.

Mrs. G. W. Malaher, Commissioner for Greater Winnipeg, and members of the camp committee, have visited the new site several times and are most enthusiastic about the plan. Committee chairman Mrs. J. H. McDonald has expressed the gratitude of the committee to Hon. J. S. McDiarmid, of the provincial department of mines and natural resources, and members of his department, for selecting the five-acre site at Caddy Lake, and for the construction of a camp road from the highway to the lake.

With Mrs. McDonald on the Camp Committee are: Mrs. James Ashdown, secretary; Mrs. Will Rook, Mrs. Maitland Steinkopf, Mrs. A. E. Holmes, Mrs. R. H. G. Bonnycastle, Mrs. Karl Wintemute, Mrs. A. D. Waddell, Mrs. W. A. Johnston, Mrs. P. M. Abel, Mrs. Walter Folliott, Mrs. C. S. Riley, Jr., Mrs. Wesley McCurdy, Mrs. R. F. Greer, Mrs. A. E. Wolter, Miss Jennie Simms, Miss Marjorie Shaw, Miss Maryan Weiss, Miss Grace Gourlay and Miss Marjorie Hoskin.
